In Memoriam

Arthur B. Martel

1932

ARTHUR B. MARTEL

Arthur B. Martel, an outstanding leader in Bellingham Town affairs, died suddenly on August 16. Mr. Martel was a member of the Finance Committee from the time of its organization until the time of his death. He served as Clerk of the Committee for four years. He was also a member of the committee of three which had charge of the erection of the new Library Building.

Of a kindly and genial disposition, Mr. Martel made and kept the friendship of hundreds of people with whom he came in contact. He was constantly of service to a great number of these. Although a devoted family man, he was prodigiously active in all local activities; town, church, and social.

His loss is felt deeply throughout the Town.

RETURN ON WARRANT

Norfolk, ss.

By virtue of the within warrant I have notified the inhabitants of said Bellingham to meet at the time, place and for the purpose within stated by posting attested copies of said warrant at all the designated places before said meeting.

Attest:

JOHN H. FOLEY,

Constable of Bellingham.

Pursuant to the foregoing warrant given under the hands of the Selectmen at Bellingham, February 1, 1932, the inhabitants of said Town qualified by law to vote in elections and town affairs, met at their respective voting places in Precincts 1, 2, and 3, and proceeded to cast their ballots for town officials on the seventh day of March, 1932.

All instruction and penalty cards and specimen ballots having been posted according to law, and the election officers having been duly sworn to their duties the ballot boxes were examined and found correct.

They were then locked and the keys given to the Precinct Warden.

The ballots were given to the clerks and the polls were open at twelve o'clock noon. At eight o'clock P.M., the polls were closed, after which counting was finished.

All check lists were found to correspond with the numbers registered, and with the number of ballots found in the boxes.

After counting, all ballots and their tally sheets were put in their envelopes and with the total tally sheets and check lists were locked in the boxes and conveyed to the Town House where the results were canvassed by the Registrars, and recorded by the Town Clerk as follows:

Total number of ballots cast in whole town, 879.

Total number of ballots cast in Precinct No. 1, 224, Precinct No. 2, 214, Precinct No. 3, 441.

REPORT OF THE FINANCE COMMITTEE

The Committee as appointed by the Moderator met and organized for the year 1932 as follows: Wilfrid N. Dufresne, Chairman; John L. Hunter, Clerk.

The Budget for 1933 has had the careful consideration of your Committee, any reduction or increases that have been recommended were done so only after exhaustive study.

Due to the economic crisis through which we are passing and the unprecedented demands on our charities we have not recommended many of the special appropriations as we feel that the majority of citizens desire a lower tax rate and we feel if the voters will follow the Finance Committee's recommendations we will be able to enjoy a lower tax rate for 1933.

Below we submit our recommendations:—

To the Citizens of the Town of Bellingham:

The Board of Selectmen organized last March with Edmund Goggin re-elected Chairman and David L. Tuttle re-appointed Clerk.

In addition to a number of special meetings, regular meetings of the Board were held on the second and fourth Mondays of each month at the Selectmen's Rooms, Town Hall, Bellingham Center.

The continued extraordinary demands for relief and the town finances constituted the major problems of the year. The unsoundness of doing business on borrowed money—as the Town in common with most other municipalities does and has always done—was proved during 1932. For several months the Town was unable to borrow any money, because of the high ratio of unpaid taxes to the amount of taxes levied. Fortunately all welfare and soldiers' relief payrolls were met on the date due, although some of the creditors of the Town were obliged to wait a brief time for their money. The only apparent remedy for the situation is to collect all taxes when due, which would give us enough money to get along without borrowing. However, at this time, at least, this does not seem practical, because of the absolute inability of a large number of taxpayers to raise the money necessary to pay their taxes.

The enactment by the State Legislature of an act whereby a taxpayer might pay his taxes prior to October 15 in the year levied, and receive six per cent interest thereon, proved a benefit. More citizens, in a position to, are urged to advance their tax payments in this manner.

In July, the Selectmen reduced the pay of laborers in all departments from forty cents to twenty-five cents per hour. This measure was passed because at the time, relief workers, who constituted the larger number of employees, were receiving higher compensation per hour working for the Town than they could get elsewhere, and for this reason were apparently unwilling to look elsewhere for work. With the reduction, however, a number of the workers found other employment. Although not intended primarily as an economy measure, the saving to the Town amounted to several thousand dollars.

The recommendations of the Town as to pay cuts, voted at the March Annual Town Meeting, were carried out, with one exception. The wages of the Fire and Forest Fire Departments were kept at fifty cents per hour, as it was found that even at this price, the Bellingham firemen were receiving less compensation than that paid in most of the surrounding towns.

In the interest of economy, all the street lights in Town were ordered shut off for practically two months last Summer. When lighting service was resumed in the Fall, the Board directed that service be suspended until January 1, 1933 on fifty-four lights, thirty-five of which were on the Union circuit and the balance, nineteen, on the Edison circuit. The saving amounted to about One Thousand Dollars.

Bellingham suffered severe losses during 1932 in the passing of Arthur B. Martel and George F. Grant, devoted Town servants.

The volunteer fire department, in the second year of its existence, progressed rapidly and is a decided benefit to the Town.

The highway and police work during the past year were ably performed under the capable supervision of Romeo A. Carrier, Superintendent of Streets, and John H. Foley, Chief of Police, respectively. Their reports are found on other pages in this book.

Respectfully submitted:—

EDMUND GOGGIN,
ARTHUR W. CURTIS,
ARTHUR J. TROTTIER,

Selectmen of Bellingham.

REPORT OF THE SUPERINTENDENT OF STREETS

To the Honorable Board of Selectmen,

Gentlemen:

The highways which come under chapter 90 namely So. Main St. were taken care of in the usual manner. We have constructed nineteen hundred and twenty feet of asphalt bound trap rock road, beginning at Bellingham center going southerly, and have put in approximately four hundred feet of drainage system, including catch basins and man-holes. The spring and fall cleaning of catch basins was taken care of.

The secondary roads are in fairly good condition. Graveling was done on Farm, Plain, Maple, Cross, Lake, and Center Streets. The drainage on these streets was attended to.

We have bound two pieces of road with tar, seven hundred on Plain St. and fifteen hundred on Maple, said work having turned out very satisfactorily.

The railings were taken care of as much as appropriation would permit us. There are still places where railing is needed.

There are two bridges which should be rebuilt, one on Cross St. and another on Wrentham.

On special appropriation we have gravelled Essex St. and Pine Grove Ave. a forty-eight inch corrugated iron culvert, and railings, being installed on the latter.

We have co-operated with different departments in regard to unemployment, as much as possible.

We have given citizens and taxpayers the preference in the purchasing of material and equipment, also repair work for this department whenever possible.

I wish to offer my sincere thanks to the board of selectmen, our engineer, and other departments for their co-operation, also the citizens who cordially rendered us aid, in whatever locations we worked in.

Respectfully submitted,

ROMEO CARRIER,

Superintendent of Highways.

REPORT OF INSPECTOR OF ANIMALS

To the Honorable Board of Selectmen.

Nearly all herds of cattle were tested the past year, there was a large number of reactors by the first test, but comparatively few by the following ones.

The Division of Animal Industry wish me to call the attention, to all who purchase new cattle, to the importance of sending the Ear tag numbers with name of Dealer or person from whom purchased to the Division of Animal Industries, 20 Somerset Street, Boston, Mass.

Respectfully submitted,

BENJ. I. BARROWS,
Inspector of Animals.

REPORT OF THE INSPECTOR OF SLAUGHTERING

To the Honorable Board of Selectmen:

Gentlemen:—

As required by law I have inspected and stamped meat intended for sale, in all cases coming to my attention.

Most of the stock locally to be dressed is sold on the hoof and taken to some licensed slaughter house. However, an owner for his own use, may dress off his stock without having the meat stamped; but if any part is intended for sale, it must be inspected and stamped.

I think that our people intend to comply with the law, for which I thank them.

Respectfully submitted,

DAVID O. PARKER,

Inspector of Slaughtering.

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen:

I hereby submit my report as Sealer of Weights and Measures for the year ending December 31, 1932.

All places of business in the Town of Bellingham were visited by me after notification by public notice as law requires that scales, measures, etc., would be sealed with out fee if brought to my office.

REPORT OF THE BOARD OF PUBLIC WELFARE

To the Honorable Board of Selectmen and to the Citizens
of the Town of Bellingham:—

Gentlemen:—

The members of this department have constantly kept in mind two principal aims during the past year. First and foremost has been their endeavor to relieve all needy worthy families, and secondly to do this at the least possible expense to the already overburdened real estate tax payers. To accomplish this second aim every effort has been made to secure work for the needy, as nearly all of our cases are attributable to unemployment. Work on the highways of the town, made possible through the co-operation of the Board of Selectmen and the Street Superintendent, has been given a number, although in each case the number of working days per week has been small. It is our hope that even more work may be secured on the Town highways in 1933 for the welfare workers.

Labor also has been used in cutting wood, bought on the stump, and sent to families under our jurisdiction. Not only has our own appropriation benefitted by this deal, but wood has also been delivered to the Town buildings, i.e., the three school houses, the Town Hall, and the Community Building. A number of cords have also been given to veterans coming under the Soldiers' Relief act. No charge has been made these other departments.

A food list, as approved by the State, has been adopted and from this list the needy may purchase a variety of good wholesome foodstuffs. Flour and cloth, distributed through the Red Cross, has been given in many cases.

The State Department of Public Welfare has ruled that persons aided may be required to do such work as the local Board may designate.

The number of cases of Old Age Assistance and Mothers' Aid are both increasing rapidly, and more money will be needed during 1933 for these accounts.

We wish to express our appreciation for the co-operation of the various departments and social organizations for their assistance.

Respectfully submitted,

WARREN E. WHITING,
ELROY G. STODDARD,
EDWARD THAYER,

Board of Public Welfare of Bellingham.

REPORT OF THE TOWN ACCOUNTANT

To the Honorable Board of Selectmen:—

Gentlemen:

I respectfully submit herewith my report for the year ending December 31, 1932. Included in my report are the statements required by Chapter 44 of the General Laws:—

REPORT OF THE BOARD OF TRUSTEES OF THE FREE PUBLIC LIBRARY

To the Citizens of the Town of Bellingham:

The Board of Trustees of the Bellingham, Free Public Library present the following report:

The Board of Trustees organized for the year 1932, and Marion P. Thayer was re-elected Chairman, Sara A. Perry was elected Secretary.

Marie P. Cooke was appointed Librarian at the Center.

Ethel Cook and Grace Goldthwaite were appointed Librarians at the Branches.

Meetings have been held as necessary through the year.

The Library was open two days the first week of January, then to cut expenses was opened on Fridays only for the rest of the year.

At the request of the Finance Committee, (\$175.00) One Hundred Seventy-five Dollars was taken from our appropriation and turned over to the Welfare Board, so no new books could be bought this fall.

Great Co-operation has been received from the State which helped to cut down expenses, Materials and Mend-

ers being sent free, materially assisted in keeping the books in good condition.

It would be a help if all parents whose children took books, would see that the children were careful of all books and see that the books were returned in two weeks.

We wish to express our appreciation for the very faithful work of the Librarians, at the Center and at both Branches.

Respectfully submitted,

SARA AYER PERRY,

Secretary.

REPORT OF LIBRARIAN

To the Trustees of the Free Public Library :

The report of the Library, for the year ending December 31, 1932, is herewith presented.

During the past year, as the people of Bellingham began to feel the effects of the world-wide business depression, the value of the library to the Townspeople has been proved as never before. The occasional borrower has become a regular patron, the regular borrowers are coming oftener and the few new people coming into town have registered at once. The result has been a steady increase this year.

The total circulation for the year was 23,515 a gain of 2,606 over last year. The greatest gain was at the Crook's Corner Branch where the circulation was 10,140 a gain of 4,731 over last year.

We now have a total of 764 borrowers 318 at the Library 400 at Crook's Corner and 46 at Caryville.

The teachers in the Massey School working with the librarian have interested the children in reading from the State certificate lists. Any child reading and reporting on five books is given a certificate; for reading and reporting on 20 books, five of which must be non-fiction an honor certificate is given.

In order to assist the young readers, who are looking for books on these lists numbers have been put on the back of each book in white ink and each grade has been placed on separate shelves where they can be found easily.

The library has been fortunate in receiving a large number of juvenile books as gifts from the Division of Public Libraries, together with supplies of various kinds, also a trained worker, in mending was sent out to the library three days this year.

The Librarian would like to impress on parents whose children borrow books to see that they are kept in good condition and returned to the library at the proper time, this I think applies to older patrons as well.

I would express my grateful appreciation to the Trustees for their help and support and to the Teachers and Janitor sincere thanks for their helpful co-operation.

Respectfully submitted,

MARIE P. COOKE,

Librarian.

of the

TOWN OF BELLINGHAM

MASSACHUSETTS

FOR THE CALENDAR YEAR 1932

ANNUAL REPORT OF SCHOOL COMMITTEE

To the Citizens of the Town of Bellingham,

The School Committee submits the following report for the year ending December 31, 1932.

The Committee organized with Mr. Ruel S. Thayer as Chairman and Aaron W. Hobart as Secretary.

The Board has held its usual number of monthly meetings, with several special meetings, called whenever necessary.

Your Committee has made every effort to keep costs of school administration as low as possible, keeping in mind to maintain as high a standard in its teaching force as it was able to obtain.

We feel that the Superintendent and teachers have given their best during the year, which in previous years has shown excellent results from their efforts.

Distribution of accounts and other school department information can be obtained from the Superintendent's report, which follows.

Respectfully submitted,

RUEL S. THAYER,
A. W. HOBART,
G. N. DOUGLAS,

Bellingham School Committee.

SUPERINTENDENT'S REPORT

To the School Committee and Citizens of Bellingham:—

It is time for the thirty-ninth annual report of the Bellingham schools. Because of the necessity of making it brief, some phases usually given and general details will be omitted from this report.

We can truthfully say that the schools have been successful in the lines carried on this past year. Bellingham has never felt financially able to maintain such extra-curricular activities as have been maintained in many cities and towns, and hence we have attempted to teach only the most common essential subjects. We do not even have the drawing or music supervisor, which all other towns and cities have had.

The chief cause of the increased cost of our schools in the past fifteen years is the great increase in the number of pupils, especially high school pupils. The true indicator of the cost of schools is the per capita cost. The cost of the Bellingham eight grade schools is very low as compared with other towns and the cities of the state. According to the last report (1931) of the Department of Education of the school costs throughout the state, Bellingham's cost per pupil is only 66% of the **average** of the State cost, and the town is far down in the state rank of costs.

The following items of comparative costs of schools should be of interest to the readers, and they convincingly prove that in view of the increase of the school population and other conditions, the per capita cost has increased but little in the past thirteen years, and is very low compared with other towns and cities.

Current expenditures, 1919	\$14,300.29
Current expenditures, 1931	48,413.90
The 1919 current cost is 30% of the 1931 cost.	

Number of school children in town, 1919	328
Number of school children in town, 1931	732
The 1919 number is 45% of the 1931 number.	

Number of teachers, 1919	9
Number of teachers, 1931	18
The 1919 number is 50% of the 1931 number.	

Number of High School pupils, 1919	22
Number of High School pupils, 1931	88
The 1919 number is 25% of the 1931 number.	

Cost for High School pupils, 1919	\$1,518.57
(Rate of tuition was less than half present rate)	
Cost for High School pupils, 1931	13,339.46
The 1919 High School cost is 11% of the 1931 cost.	

Reimbursements from State, 1919, about	\$2,500.00
Reimbursements from State, 1931, about	20,000.00

Actual cost by taxation, 1919, about	\$11,800.00
Actual cost by taxation, 1931, about	29,000.00
The 1919 taxation cost is 40% of the 1931 cost.	

Average per pupil cost, elementary, 1919	\$57.67
Average per pupil cost, elementary, 1931	58.88
The 1919 per pupil cost is about the same as the 1931 per pupil cost.	

The cost of education for the high school pupils of this town has greatly increased in recent years, and is becoming a very large amount. Other items which are bound to make school costs more in these times, though not large, are the modern improvements we have made, such as new wells, electric lights in the buildings, new toilet systems, health instruction by school nurses as required by law, etc. These all increase the maintenance costs, but they are essential in these modern times. The one most important improvement made has been the new toilet systems. These are giving excellent satisfaction and are proving a beneficial convenience. Though it costs something to maintain them, no one would wish to go back to the old unsanitary inconveniences.

Small towns like Bellingham have an increased school problem in these times of depression, since many youths who under former conditions would be working in the industries are now in school, and since many families move from the cities to the country towns where the cost of living is less.

It is most essential that the public realize that there is no depression in the school business. Schools must be maintained, for there is no other place for the children and young people.

There is a great wave of sentiment throughout the country that a large reduction must be made in the cost of all

departments of government, but the public must realize that there is another side to the question when it affects the training of future citizens. Since there is no slack in the school work, it is very difficult to make any retrenchment. About the only opportunity towns like Bellingham have in saving school costs is in transportation, but thus far the public has seemed unwilling for reductions in this line. Since such towns as Bellingham have had no extra activities in their schools, it is not possible to make curtailment in any of those lines.

Our municipalities can make retrenchments in road and bridge building, in erection of and improvements on buildings, and in various other lines for the present, and when financial conditions improve, these activities can be taken up again; but such a policy can not be operated in the system of education. Children grow up regardless of financial conditions, and if their education is neglected for any length of time, the opportunity is lost and can not be made up later. In these days of trouble and complexity of life, it is evident that education of the rising generation is more greatly needed than ever before.

We can fully appreciate the situation which prompts the desire for so-called economy and for smaller budgets, but it is important that our citizens carefully consider the other side of the question, for the schools are becoming larger and the demands greater. To operate on greatly reduced budgets makes a difficult problem, and retrenchments are likely to be a serious handicap to the rising generation.

It is well for the voters to note the reimbursements the town receives from the state. It should be recognized that **one half** the amount of the total teachers' salaries was

received from the state through General School Fund, Parts I and II; hence the town was taxed for only one half of the teacher salary cost.

In towns and cities where salaries have been high, reductions can be made, but in the case of towns like ours where salaries have been low, the situation is different. Salaries at a low level will surely sooner or later be a handicap to the success of the schools, and an injury to the training of our growing children.

What could be done with our large army of children and youth, were it not for the schools? The amount of salaries paid teachers is a small cost for providing care and safety for the children during five days a week, to say nothing of the education received.

The School Committee deserves commendation for their achievement in economy this past year. The current expenditures for the year 1932 were over \$4,000 less than in 1931. This saving was made by not giving the usual annual increases to the teachers of lowest salaries, by not employing a music supervisor, by making only imperative minor repairs, by retrenchment in purchasing books and supplies, by saving in transportation cost, and by saving in fuel cost.

The cost of books per pupil last year was only sixty cents. This retrenchment in the buying of books cannot be kept up long, for books are our essential tools. Repairs cannot be neglected long, as it means more expense later.

The following are repairs much needed, and should be made as soon as financial conditions will permit:

A new steam heating system at the North Building.

Shingling the major portion of the old part of the South Building.

New curtains in several school rooms.

Repair of roof of North Building.

New seats in one or two rooms of South Building.

The first four of these are much needed. Something will have to be done about the heating apparatus at the North Building, as one furnace has been in a bad condition for some time and is practically unusable now, and the other furnace is not good. The best and most economical scheme is to install a new steam heating system. Now is the best time for such new installation, as material costs are very low, and many are in need of work. A new heating system would mean a saving in fuel. Before long a new heating system will be needed in the South Building, as some of the furnaces are old and cracked.

It was necessary to put new curtains in three school rooms. A few stains on the ceiling and walls made by the leaking of the roofs have been tinted over.

Because of the crowded conditions in the South building, seats were fitted up and placed in the small room in the community house, and twenty pupils from the crowded fourth and fifth grades were placed there, with Miss Cook as teacher. This has been a great advantage.

The usual good school work has been done this past year. At the graduation exercises in the town hall last

June there were forty-seven eighth grade graduates, the largest number in the history of the Town. The number is likely to be more next June. The graduates of our eighth grades who attend the Milford and Franklin High Schools do creditable work, and most of them continue through their courses and graduate. Our pupils take a good portion of the scholastic honors in these high schools.

The South Bellingham Parent-Teacher Association is still carrying on its work with its accustomed enthusiasm and success. The meetings are well attended, and their financial standing is still strong. A brief report of this association's activities follows in this school report.

The work of the 4-H Clubs has been carried on similar to that of past years. Entertainments and exhibits were given with a good attendance. A brief outline and list of prizes are included in the school report.

The past year has been a somewhat trying year for the School Committee, as well as for all town officials. We take the opportunity to say that the School Committee and superintendent have spent many hours in studying the problems of the schools, with the consideration of present day economic conditions. We can truthfully state that all needs of the schools have been most judiciously considered by the School Committee, and all expenditures have been made most carefully, and only when needed for the welfare of the schools.

The townspeople in years past have been liberal and considerate in their support of the schools and though the times are trying, we are confident that the public will

realize that schools represent our most important industry and must be carried on as efficiently as possible for the welfare of the rising generation and the future of our state and nation.

Respectfully submitted,

CARROLL H. DROWN,

Superintendent of Schools.

ANNUAL REPORT OF SCHOOL NURSES

To Mr. Carroll H. Drown,
Supt. of Schools.

May I present to you the Annual Report of School Nursing done in Bellingham for the year ending Dec. 31, 1932.

Two days a week, when school is in session, spent in doing school nursing.

Monday afternoon in North Bellingham, Wednesday afternoon in Bellingham Center and all day Friday in South Bellingham. Each classroom is visited and the teachers consulted as to the condition of their pupils. The ventilation of the rooms is noted, the heating, lighting and the general condition discussed with the teachers.

It is difficult to plan a definite program of health teaching for the schools but throughout the year the nurse co-operating with the teachers has worked out many health projects.

Inspections for disease and cleanliness are carried out throughout the school year as this is the means we use in checking the spread of disease among the children.

The scale is the most valuable tool the nurse has to work with, as during the process of weighing, which is done periodically, many conditions are noted, other than a gain or loss in weight.

The posture is checked, color and condition of the skin noted, general appearance of the child checked and as in many instances this past year, a poor health habit corrected.

The following contagious diseases were reported in the schools this past year:

Scarlet-fever, mumps, measles and chicken-pox.

During Jan. Feb. and March we had quite a number of absentees with mumps, but there were no complications and the pupils were back in school after the required quarantine period.

During this same period the nurses and the teachers were watching the children closely for symptoms of two skin diseases, scabies and impetigo from which some of the pupils were suffering and had to be excluded. By home visiting and getting these children under treatment soon stopped the spread of these two diseases.

Some of the underweight children in our three schools were provided with $\frac{1}{2}$ pint of milk each day during Apr. May and June, paid for from money donated by the teachers.

Quite a number of children in our three schools provided with shoes, rubbers and underwear from the teacher's fund.

The nurse has spent a good many hours in doing welfare work of this type, investigating home conditions of our children and in purchasing clothing and food.

The South Bellingham P. T. A. gave the nurse twenty-five dollars to spend for Thanksgiving baskets for the needy families of South Bellingham.

The South School children donated, vegetables, fruit, canned goods, etc. and the nurse gave out ten well filled boxes to families of our school children in that section of the town.

At Christmas time this Association gave the nurse sixteen dollars for clothing for the South School children.

Home Nursing Classes for eighth grade girls have been taught by the nurse after school hours throughout the school year.

During the summer the school nurse visited the homes of the children whom she knew were to enter school for the first time in September, urging early vaccination and correction of physical defects if necessary. At this time visits were made to the homes of school children whom Dr. Brown, the school physician found with physical defects, urging correction if possible.

About sixteen children had defects corrected during the year.

The following is a summary of the work done:

Home visits made	198
Pupils excluded	46
Health talks given	183
Treated minor injuries, etc.	101
Pupils advised	361

Cleanliness inspection	2457
Pediculosis Inspection	1490
Teeth Inspection	514
Skin Inspection	5
Inspection for disease	150
All pupils weighed and measured three times during the year.	
To hospitals with pupils	9

In closing may I express my sincere appreciation to Mr. Drown for his valuable and willing advice, to the teachers for their co-operation and help, to the South Bellingham Parent Teachers' Association for the bed they donated to the school to be used in the Home Nursing Classes and the money given the nurses for needy children, to the parents, friends, school committee, welfare board and Board of Health for the help and support given the nurses in their work among the Bellingham School children.

Respectfully submitted,

HELEN C. GRADY, Supervisor.

ANN EDWARDS, Assistant.

REPORT OF SOUTH BELLINGHAM PARENT-TEACHER ASSOCIATION

To Mr. Carroll H. Drown,
Supt. of Schools:

May we present to you a report of the South Bellingham Parent-Teacher's activities for the year ending December 31, 1932.

The Parent-Teacher Association started the year by buying a bed for Miss Edwards, our school nurse, to use in her Home Nursing class.

This Association joined the Men's Club of Bellingham in an entertainment to raise funds to purchase chairs for the Community Building.

During the year several sunshine baskets and flowers have been distributed to the sick by the Association.

A tree has been planted in the South School yard by the Association in observance of the George Washington Bicentennial.

Footlights and a piano lamp have been installed in the Community Building by the Association.

At Thanksgiving twenty-five dollars was given to Miss Edwards, the school nurse, by the Association to buy

Thanksgiving baskets for those in need. An additional fifteen dollars has been voted to buy rubbers and shoes for the school children.

It is with the greatest sympathy that we acknowledge the death of our former president, Mrs. Edgar Scott.

We also wish at this time to extend to our Superintendent of Schools, Mr. Drown, our utmost appreciation for the fine co-operation he has always given us, and also to Mrs. Drown, who has given us her valued time on several occasions.

Respectfully submitted.

MAE E. RYAN, President

SOUTH BELLINGHAM 4-H CLUBS

The South Bellingham Hustlers 4-H Club of 1931-1932 conducted thirty meetings under leadership of Thelma Cook. The following officers were elected:

President — Marjorie Gregoire

Secretary — Ruth Bates

Treasurer — Thelma Cook

Reporter — Loretta Rainey

Instruction was given in simple stitches, simple seams, darning, making button holes, and patches. Miss Catherine Cook, assistant county agent, gave a talk on color suitable for different complexions.

The club went on a hike to the Elder Ballou Meeting House, held a coasting party and a Christmas party. To raise money an entertainment was given at the Christmas party. In the spring a whist and dance was held. An entertainment and moving pictures were given at the exhibition.

The nineteen girls exhibited the following: 22 articles of underwear, 19 simple cotton dresses, 19 darned stockings, 19 gifts or novelties, 19 booklets of samples of six kinds of cotton cloth, 19 booklets with simple stitches and seams mounted.

The exhibition prizes were: First year — Eva Malashkevich, first; Harriet Lytwynic, second; Mary Galuza, third; second year — Loretta Rainey, first; Pauline Alexander, second; third year — Marjorie Gregoire, first. Pauline Alexander exhibited her dress at the Fall Fair at Norfolk County Agricultural School in 1932 and won second prize.

All receiving pins went to Walpole to attend the Field Day Exercises last May.

Marjorie Gregoire was elected as delegate to Camp Farley, in Plymouth, expenses defrayed by the club.

In the boys' Club, five boys exhibited articles of wood and received pins. Four of these were first year students and one was third year.

THELMA COOK, Leader.
